IPSWICH CREMATORIUM

At Ipswich Cemeteries, we understand that the loss of a loved one is an incredibly difficult time. We began offering cremation services in February 2014, with the heartfelt intention of providing a compassionate choice for Ipswich families.

In May 2016, our beautiful Ipswich Crematorium Chapel and Tea-Room was completed, designed to offer a welcoming space for reflection and remembrance. We began welcoming families soon after, ensuring that everyone has a comfortable environment to honour their loved ones.

Our chapel is fully air-conditioned and spacious, featuring modern architecture that fosters a serene atmosphere with calming views.

Conveniently situated within the peaceful grounds of Warrill Park Lawn Cemetery at Willowbank, Ipswich Crematorium is easily accessible from the Cunningham Highway, making it simple for friends and family to gather.

We offer a range of options for services, including burial, cremation, or a 'Hire Only' basis, allowing families to choose what feels right for them during this sensitive time.

We are here to support you every step of the way.

WARRILL CHAPEL

Our Warrill Chapel provides a warm and welcoming space with comfortable timber pews that accommodate 240 people, along with additional standing areas for family and friends both inside and outside the chapel.

To enhance the experience, we have large video screens inside for meaningful video presentations during services, as well as two smaller screens and external speakers outside for larger gatherings. We offer complimentary live streaming of every service to families, allowing them to cherish and relive those precious moments.

Viewing Room

For families wishing to spend some quiet time together, our dedicated Viewing Room is available for booking prior to a Chapel Service. This serene space is equipped with a speaker to softly play background music, creating a comforting atmosphere.

Committal Curtain

We have a discreet committal curtain located at the rear of the chapel, which can be gently activated with a

remote control. This feature adds a touch of dignity and respect during the service.

Audio Visual System

Our state-of-the-art audio-visual system ensures that we capture every heartfelt moment during the services. We are honoured to offer this recording service complimentary to families, allowing them to hold onto their memories.
